“ *I miss you.. our kids miss you.. nothing is the same... Everything is harder right now. I feel like I'm not allowed to even grieve because I have to put life back together for the kids. You're on my thoughts everyday.. I hope your watching from somewhere.. I post online hoping you hear me from wherever you are. I love you still. I don't think I'll ever stop but it's a saddened love now. I hope you're fixing your dream car somewhere. I hope it has the red leather interior you wanted.*
