“ *I was so shocked last night when I read that Colleen had passed away. She was my friend from kindergarten through high school. She was the one that pulled me out of the creek at Saturday school. She was the one that fell off the monkey bars at middle school and laughed at me when I wouldn't climb so high. She was a ball of energy and happiness through high school. We lost touch after and I was so happy to have found her again on facebook. A few months ago, we had a wonderful conversation about the books we were reading and what our children were up to. She was so proud of her kids. Colleen I will miss you very much. All my love to your family.*
