“ *Whenever I think of Dave a big smile comes across my face! I feel that is one of the best tributes you can pay to someone after they have passed.*

He had the courage to start his own retail fertilizer business and I as his equipment salesman, helped him put together his first blender in the little town of Woosung, Illinois.

We put out a lot of sweat doing it but enjoyed much fun and laughter afterwards as we shared a few beers together @ the local hangout. Dave always made me feel good anytime I stopped by or called him over the years as we always reminisced over good memories that we shared.

There is a saying that goes dont carve your name on marble- carve it on hearts" and Dave certainly did that with me!

I will remember him fondly with a smile and hope to laugh together with him again someday!

*Best Regards,
