“ *I would like to extend my belated condolences to Denny's children and siblings. I met Denny at AHS and remembered her as enjoying life and having no problem in getting into a little trouble every now and then to shake things up. My prayers and thoughts are with each of you.*

“ *I remember your Mother in school, was always funny and kind. It is a deep sadness to say goodbye to yet another classmate from the Class of 1975. She will be remembered and acknowledged at all of our class reunions.*

quote from Helen Keller

"What we have once enjoyed and deeply loved we can never lose, for all that we love deeply becomes a part of us."

“ We all are sad to hear about Denise and send are love and prayers to the family... Playoffs in 2006 we will never forget!!! Watching the Bears go to the superbowl, drinking and listening to Pantera. We had to re-paint the livingroom wall because we graffitied it with Bears memorabilia. Awesome night.....
