“ *Emelie was a cousin that always had a special place in our hearts with all her cousins, from the state of Washington, state of Texas, state of Georgia, and the cousins in the state of Oklahoma! So many memories, the ones that stand out in my mind is the trip my mom and dad took my brother and I to Chicago and Indiana in 1967. I got to ride with Emelie from Indiana into Chicago and to this day will never forget that wild ride!!!! We visited museums, fountains and so many other things, but then we were joined by Emelies siblings and parents and headed to Pensylvania to see my sister and her husband in Pittsburgh. Then we headed to Niagara Falls. We had a wonderful time!!!*

Then the many trips made to Oklahoma and Texas before Emelie was joined by Bobby for many many visits. They would most of the time make sure to come by Norman to visit my mom before she passed away. Then in the last two years coming down to Norman to be able to visit with my brother Bob and I and our cousin Carla. The last visit last year was the last one for Emelie and she knew it. She wanted to see where her mom and dad's ashes were buried in Texas, and did it!!! Then made the trip back home stopping in Norman and Joplin to be able to visit with my brother and sister and I.

Emelie was the sweetest person you could ever know, but she did have that stubborn side that she got from the King side of the family. I think she was very proud of that trait too, which I don't blame her, she was just following in the footsteps of her dad's side of the family.

We will miss you Emmy!!! Go home and and see your mama and daddy and your uncle and all your aunts and other loved ones that have gone before you. Give them our love and remember We Love You!!!
