“ Miss Esta has always been one of my very favorite women in the whole world ....she's an open book...a hilariously funny brash brutal honest book ...full of the most colorful language.....when we were kids playing baseball ...I was one of the few girls playing ...she would cheer for me ...and then try to determine which one of her boys I would marry later in life so I could officially be part of her family.....no marriages ...but a lifetime of friendship indeed 💕 when I lost my daughter and husband to heaven too early ...she repeatedly checked in on me like the mother hen she'd always been with loving care ...I have adored her all my life it seems ....heaven has gotten a whole lot more loving and alot funnier this week.... □
