“ *my memory that I want to share was probably pretty common but i often think of Dad and how all his brothers would be if they came to our house the next thing would be seeing them squat and sit on their heels and having a good time and dad always referred to them as the boys and his sisters as the girls no matter how old they all got. Uncle Howard was always so respectful of people and the last of a generation that can't be replaced. He will be missed*

Mr. Glenn and my Dad were good friends way back when. I remember him and dad sitting out in the backyard near the river talking for hours about life, family, and work. He was always kind to us. Our deepest condolences to the Glenn family.
