“ *The news has shaken my heart.
My sincere condolences. My thoughts are with you and I am giving you a big hug.
These wishes and thoughts are shared by the entire German family, who got to know Jack.
I will never forget our first meeting here in Germany. He said, now I realize where my interest in country life and nature comes from.
My trip with him from Dixon to LA in 2005 was an experience. I wish you all strength for this difficult time.*

Love Elke
