“ *Sometimes in your life you are lucky enough to become special friends with someone. No matter how far away you live from them or no matter how long it is between phone calls or visits you can pick up right where you left off the last time you talked. That's the way it was with Jacki and I. Neither one of us was real good at keeping in touch but it never mattered---we always knew we cared about each other. I will miss you, my friend. Pat & Ron--thank you from the bottom of my heart for your friendship and support to Jacki. You both are very special people just as she was.*

“ *I think of you every now and then and the good times we had during our childhood, ice skating on those cold winter days, walking to school and playing in the neighborhood. You were a good friend to me and you will always be in my heart and prayers, hold a spot for me in heaven. I love you, Grace Harper Nelson*

“ *My deepest sympathy on Jackie's passing, I worked with her at Motorola and just heard about her passing. She was a sweet person that always made people laugh. I will miss her.**
