“ *Alicia, it was with a heavy heart that I read about Tommy's death. I remember from the Family to Family class how strong and determined you were to help and find help for your son. Mental illness is such a devastating disease. I pray the happy memories with Tommy will bring you peace always. Deepest sympathies, Tara Wagenknecht*

“ Alicia, I was so sorry to read about the loss of John (Tommy). Please know you and your family are in my thoughts. Thank you for your honesty in the obituary. There is no shame in mental illness and the more we share that message the more stigma will be reduced. May he rest in peace and may you and your family find peace in your heart. Sincerely, Maggie Wike

“ Tommy was beyond smart, possibly the smartest person I knew. I choose to remember the kind sweet boy I grew up with. His mind was brilliant and his heart was kind. I hope your brilliant mind is at peace.
