“ I met Judy one day on a cold call during our Mannatech days. We put together a team and had a road trip to Texas. We learned so much about each other and had a fun time.
I learned the excitement in talking to complete strangers, Judy had a knack for that and she was always willing to listen and share her views on health and nutrition. I even did a cooking event with Judy in Princeton Il. She showed us all the architecture her husband designed when we're in Texas. She was so proud. I will never forget her brute spirit for life and her beautiful smile. Kathleen Coughlin
