“ *My sincerest condolences to the Robison family. We lived in the same neighborhood when I was growing up, and I have lots of happy memories of the fun we all had. One thing I often remember was having dinner at the Robison house and Mr. Robison told me we were eating chicken, but when I said it was really good he told me it was really frog legs! Made me question lots of food that people shared with me over the years, but what I remember most is the laughter around the table. Those were great days. I hope you all are doing as well as you can right now, and that you know Mr. Robison is at peace in a beautiful place! Mary Bohlken Maxted*
