“ *To the best mother-in-law anyone could have asked for. Your light was truly a bright spot in this world. Thank you for the 22 years you gave me as my Mom. I love you and will love you for always. You inspired me for years with your love of your garden.*

“ *I spent over twenty-five years of my life searching for your father and you and was blessed to finally find you. I was so thrilled to find you, get to visit with you and to have many years to share you with other members of the family. I thought of you as my best friend and enjoyed and love the time I had with you and Charles. I am so sorry that I didn't make it to see you once again after our chat and my return from London, England. I shall always keep you in my prayers. I dearly loved you. Karen*

“ *When I finally found LaVerne and her husband, Charles, it was as if I had known them forever. I was happy that I had made the search and the contact. I shall miss our occasional lunches, telephone chats, words of wisdom and sharing of family history. I know I am a better person for having made the search and found the Fidlers. LaVerne was intelligent, giving and lots of fun..a very clever lady...who will be missed.*
