“ *she was such a bright girl. she was taken too soon from her family...also the people who loved her most. She was the best cousin I could ever ask for. She always put others first. She had a great sense of humor and I miss that laugh of hers. her smile can light up the night. If she was still here I would cherish the memories we would've made. She's no longer in pain. She is missed by everybody and loved by everyone. She could make the saddest person smile and that was amazing. She was so young and she should be here right now. I miss mt best friend, my cousin, I love her so much. I miss You Kenz.*

“ *This little girl was so full of energy and fun! I'll never forget how proud she was the day she finally learned to skip! We worked really hard on it together in PE and she was so cute when it frustrated her. She had such a positive attitude toward learning new things in my class and if something was hard she practiced it until she got it! I'm going to miss her terribly. She was in the first group of kids that had me and no other pe teacher before me. They are such a special bunch of students and this year will not be the same without her. We love her and will think of her always.*

“ *Last night, Baylei was talking about them talking a bath together, and Kenz telling her she had a big butt. Baylei laughed so hard just telling the Story. The joy she brought to everyone is amazing. She has a smile that melted everyone. She was so a spunky. I remember talking to Steven when she was born and seeing the fear is his eyes. Steven, you are an amazing father and she was so happy you were here dad. She will be missed so much. She was taken to soon, aunt char has her now and we both know aunt char will take care of her. Love you Steven. My heart is with you and I am always here for you no matter what. Kenz we love you so much. The world with not be the same without you. Love you princess.*
