“ *Grandma, I hope you've found peace in the afterlife, reunited with Dad, both of you smiling and at ease. Some of my earliest memories are at your house with Alex, where you taught us music, took us to Texas to see Great-Grandpa Frank, took us to Iowa to see Great-Grandma Berta, or to Lookout Mountain in Tennessee. I will miss your insight and the opportunity to talk about anything in the world with you. Thank you for always being a constant in my life. I love you.*
