“ *A few years back I saw norb going down the street in his pick up truck with a log chain dangling behind .it took me ten minutes to get him to stop and I told him you have a chain bout to fall off. He said in his norb voice. oh..ok. Thanks for telling me.. turns out he knew it was there..he was trying to get the rust off by it dragging down the brick roads in amboy...he was sparing my feelings by telling me thanks...when we needed a tire..we called norb. While mike was on the road and we had trouble with a vehicle( a norb brachle special of course) we always called on him for help.. the rex's will forever be grateful for knowing such a kind , loving, giving ornery man.....❤️*
