JA

“ One of my memories of Norman is the day I took him and his wife Sonya to Chicago in the summer of 2019. We went by train and it was their first time on a train. While in Chicago we went to the Navy Pier and went on a boat ride on the lake. Taking a bus to Michigan Ave we took a river taxi and went to China Town and took a walk around the town.

Sonya is my Sister and she was born in England. So I took them to the Elephant and Castle restaurant to have an English meal.

Then it was time to get the train and head home. Norman told me they both had an amazing time. Norman told me later that he had not walked so much in one day.
