“ *Just read about Perk and I am sorry to hear he has passed away. I would like you to know we thought the world of him. Just this past Christmas both of our boys were home from the Marines and they were talking about Perk and telling stories about being around him. Perk made an impact with a lot of people - young and old. Greg and Bryan both knew Perk as well as Roger and I. Perk was well loved in Villa Grove and the surrounding area. You all are in our thoughts during this mourning period. Take care Perk and be in peace now. We love you! The Ray Family*

“ Perk My family and I will have many fond memories and stories of you that will be told for years to come.

Ryan said he watched you driving down Harrison street and they had a long row of cones closing a lane and because of oncoming cars you just plowed straight ahead and ran everyone of them over. We still laugh about that when we think of you.

You always greeted me Deano ole buddy and I could always feel how genuine you were through your voice. Nobody touched my heart like you did Perk. I can say with pride that you were my friend and Your passing will leave a very large hole in my heart and the town of Villa Grove.

I loved you Perk you were someone very special and I will miss you.

Your Ole buddy Deano

“ Kirk, Terry and Laurie, I was sad to see the obit for your dad. Ironically, I didn't hear all of the stories they used to tell at Family Reunions, but in more recent years, I learned that my wife's uncle, Dan Christman, was related to you as well. Dan shared that there were some softball teams which Jack and Perk played on which were nearly unbeatable, so now I know where you inherited the athletic ability from.

*kindest Regards,
