“ Julie & family,
Please accept my condolences on the passing of Peter. Know that
you are in my thoughts and prayers.

“ I am so sorry for your loss. I was working for Peacock Engineering
and worked for Pete when the Romeoville plant was in planning
stage. He was instrumental in the plant layout and getting the
mechanics to rebuild equipment that the other plants stored on site.
Pete was fair and honest with everyone who worked for him. He will
be missed

“ I am so sorry for your lost. Pete as I know him hired me ask his
maintenance supervisor at Peacock Engineering in Romeoville. I
always thought he was a great man to think of me ask someone to
help him out. He treated everyone with great respect while he was
here and I still have his name plate that was on his office door. I will
be saying a special pray for one of great ones that left here to soon.
