“ Grandma I am going to miss you like crazy. I loved spending time with you. From the time I was little staying the night at your house eating ice cream watching christmas vacation with you. Baking cookies. Playing games. Going on trips. Even just hanging out. I am going to miss your chicken and noodles cuz no one could make them taste like you did. You were the best grandma. Thank you for all of the memories and your guidance. I love you to the moon and back. Until we meet again.

“ Dearest Mrs. Jones,  
Though I have never had the pleasure of meeting you, your daughter Laura has told me so many wonderful, loving memories of you. I have seen your smiling face whenever you visited Laura and Lito, and even though I know you are an Angel in Heaven, my heart breaks for your family left behind. Please watch over them, especially Laura and Lito, my good friends. You and you're family are in my thoughts and prayers today and always.

“ Mom, you are my very best friend, my partner in crime, my left arm. We did every thing together, traveled to Hawaii, Las Vegas, New York, Florida, Ohio, Pennsylvania, and many other places around home. We were always together going out to dinner, to sporting events for my kids, to the casinos, shopping, or just hanging around the house playing games. You were always there for me through good times and bad. There were very few days that went by that we were not together, or at least talked on the phone. I LOVE you more than I could ever begin to say, and will miss you like crazy until I see you again.

“ Mom

*If roses grow in Heaven, Lord, please pick a bunch for us, place them in our mother's arms and tell her they're from us. Tell her that we love her and miss her, and when she turns to smile, place a kiss upon her cheek and hold her for a while, because remembering her is easy, we do it every day, but there's an ache within our hearts, that will never go away! Love you to the moon and back Mom. Kisses and Hugs forever.*

Mom, Although we sometimes had ups and downs, we never failed to show our love for one another and how deep it went. Although there were 1300 miles between us, we always found comfort in our long conversations over the phone through the years and the great times we had when we were together when I flew home, playing games, going antiquing, to yard sales, bingo and when you came to Florida, the countless times we went to Disney & the other parks and spent precious time together meant the world to me. I remember them as if they were just yesterday & these are the memories of you I will keep in my heart & I look forward to the day when I see you again & we can see each others smile and have the comforting embrace we had so many times when you were here on earth. I could NEVER forget you mom, you were & are the greatest mother any child could ever ask for ! I Love you infinity and beyond mom.....
