“ *Lavina and family,
So sorry to learn of Stella's passing. I remember happy moments on the couch in Eldena with Stan, you , and Stella -- think I even have a picture of all of us, somewhere. You all were wonderful friends and supporters. Hugs. Pennie von Bergen Wessels*

“ First of all, I apologize for not being able to attend the memorial service. Stella was a wonderful, caring person who devoted several years to the parent-teacher organization within the Ashton School District. I was fortunate to work with her as principal of the junior high-high school. Stella was so kindhearted and always thought of the students first and foremost. She also had a great appreciation for the teachers and the influence and responsibility they had in teaching our youth. Even though I had not seen her in awhile, I have always considered her a friend and ally in education. I must share and confess that I listened to Stella more than some others because she was level-headed and seemed to always have a positive message for me in her comments - whether it was her intention or not. I am a better person because of knowing and being influenced by Stella. Thank you.

“ I'm so sorry for your loss. Stella and I worked together while serving on the local PTA and also on school projects years ago. Stella was always professional, informative, caring and concerned for our school children. Mostly recently we reconnected on Facebook and I found that Stella hadn't changed, she was just as caring and informative now as she had been years ago. May the many memories you now carry in your heart help ease your pain thorough this most difficult time.

*Deepest Sympathy to you all,
Bonnie Carson*
