“ *When I was young he made wooden pirate swords for me and his sons, made the day extra fun. He whipped em up quick and surprised us all. I remember him as a caring and loving guy who seemed to always have a smile on his face. RIP Uncle Steve you are missed.*

“ I was stunned to hear that Steve had passed. We were best of friends growing up together during our Jr. High and High School years. I was blessed to have him as a step brother. I am glad that he became a pilot and lived his dream of flying. As kids, we spent many days building model airplanes and flying them on the farm. One special memory is when we built a 10 foot tall kite, added a harness and flew our miniature wiener dog about 200 feet in the air. I guess that was Steve's first safe passenger flight. :-)
Rest in peace brother,

“ I will miss Steve Spratt dearly. He was my dad's best friend. He loved airplanes. I spent the night with him and his sons multiple times; played video games, watched movies, talked.

I remember one time he called me and without context started quoting a movie we had watched: "Yes, I know he can get the job, but can he DO the job?". I laughed so much.
