“ *Bill was my foreman when I started working at RS&D in the 1980's. He had worked with many of my uncles and liked to share those stories. He was fair, taught me a lot and I enjoyed his sense of humor. After retirement, he used to stop by the mine site every summer & we'd take a tour to see the changes, have lunch. I liked to call him on his birthday but we didn't quite get to have that call this year. I'm thankful for the time and his memory. My condolences to the family.*

“ *My thoughts and prayers are with the Sheridan family at this very sad time. Bill was my ex Father-in-Law and he could be very intimidating at times but i still love him. Don and i had some pretty scary moments with him but also some really good times! You will be missed very much Bill. Fly high now you are with Minnie again and our Amber. Don i am so very sorry for your loss and the rest of our family too. I love you all.*

“ *My neighbor for 21 years... who always had that screw, nut, ladder, or anything else I needed.....You could find it in that meticulously organized garage. You could set your clock on his mid morning Monday and Thursday grass cutting on his riding mower. Sitting at the outside table we talked baseball, the speed of those damn trucks on Galena and occasionally politics, which always riled him! He and Minnie were the best neighbors you could ask for and I will miss both dearly. Love to his family...*

“ *We have been neighbors of Bills for 5 years. It saddens us to hear of his passing. I know the passing of his wife was difficult on him and he missed her dearly. I will miss our conversations during the summer months. I admired and respected Bill for his service to our country among other things. God Bless and rest easy Sir.*
